TEACHERS TO MAKE PLANS FOR TEACHING ILLITERATES HERE

Meeting of All Mason County School Teachers to Be Held in Maysville Saturday to Make Plans for Moonlight Schools.

Superintendent George H. Turnipseed has called a special meeting of the Mason county school teachers at his office Saturday when final plans will be made for the formal opening of the Moonlight schools in this country during the coming season when a desperate effort will be made to teach every illiterate man and woman in Mason county to read and write.

Every school teacher in Mason county has volunteered to conduct this year a Moonlight school four evenings in the week for six straight weeks beginning on Monday, October 6th, and during these six weeks the county teachers hope to accomplish much toward reducing the percentage of illiteracy in Mason county.

This is the first time in the history of Mason county that all of the county teachers have agreed to conduct moonlight schools and Superintendent Turnipseed and the state Illiteracy Commission are expecting great things to be accomplished. The teachers will receive no extra pay for this moonlight school term and every person in the county who knows of an illiterate is requested and urged to make an effort to have that illiterate enlisted in the nearest Moonlight school and thus help make Mason county a county of few illiterates.

LIMESTONE SCHOOL HAS ORGANIZED P.T. A.

A very enthusiastic meeting of the patrons and friends of the Limestone school was held Thursday evening at the school house for the purpose of organizing a Parent-Teacher Association. There were many present and much interest was displayed. The association was organized by the election of the following officers: President, Mrs. Dr. Phillips; Vice-President, Mr. John Brodt; Secretary, Miss Mergerle Lingenfelter; Treasurer, Mrs. Frank Carpenter. An illiteracy committee was appointed and will canvass the school district to report the illiterates and try to have them enlisted for the opening of the Moonlight school on October 6th.

QUICK SALE

In order to vacate by October 1, we are selling all our stock at a greatly reduced price.

HIGGINSPORT MAN MAY PITCH THE FIRST GAME

"Scatler" Sallee May Be Honored by Pitching First World Series Game For Reds.

Tom Swope in the Cincinnati Post today says:

Slim Sallee's final workout for the world series probably will take place at Redland Field Friday afternoon, when it is expected he will pitch one of the two games scheduled with Fred Mitchell's Cubs.

Sal now is looked upon as almost a cinch to open the world series for the Reds.

Pat Moran is not disclosing his plans in this respect at this early date and Friday, when asked for a line on his opening pitcher, laughingly said it was a cinch that Moran would not pitch the game.

Pressed further Pat admitted that Gene McCann, Red scout, also was outside the list of pitching possibilities for the world series opened and likewise felt sure August Herrmann would not take the hill.

Sallee's great pitching all season, and especially that of the last month, makes him appear the most likely candidate for the biggest honor that ever has fallen to a Cincinnati pitcher.

Sal did not hint any of the exhibition games the Reds played this week, but Hod Eller and Jimmy Ring each pitched a full game and Walter Ruettger most of one.

WATER COMPANY NOTICE

All semi-annual Water Rents will be due October 1st, 1919, and are payable, for six (6) months in advance, at the office of the Maysville Water Company, No. 208 Court Street. Three per cent (3%) discount will be allowed on all accounts paid before October 15, 1919. All services for which payment is full for the six (6) months' term is not made before October 20th, 1919, will be shut off without further notice.

MAYSVILLE, KENTUCKY, FRIDAY, SEPTEMBER 26, 1919.

ONE COPY—ONE CENT.

OPPORTUNITY IS GIVEN US TO GET ON AIRPLANE ROUTE

Transcontinental Airways Being Map-ped Out and Maysville Given Chance to Get On.

Mayor Thomas M. Russell is just in receipt of the following communication from the Associated Highways of America, which is an effort to have cities and towns make a landing place for Aeroplanes that they may be included in a transcontinental High-

Kansas City, Mo., September 25, '19. Inasmuch as it seems that the aero-plane has reached a state of development that is dependent on the honey-combing of the country with landing places before the industry can come into its own, to secure which it will probably be necessary to carry on educational campaigns by some patriotic organization similar to the campaigns carried on by road organizations and as the road boosters in each community have quite generally been the fellows who have foreseen the benefits to be derived by their communities by these public movements it is believed that they will be the ones who will take bold of this movement; hence it has been thought very logical for the Associated Highway of America, the largest working combination of specific routes, to sponsor the movement until it could get definite organization of its own.

Therefore we hereby issue a call for representatives from those towns and cities that believe they can provide adequate landing fields for aeroplanes making cross country flights, either for passenger, mail or freight service, to meet in session at Kansas City, Mo., Thursday, October 30, 1919, at Hotel Muehlebach, et al. m. for the purpose of discussing whether the future outlook for the aeroplane justifies the formation of an organization to promote an educational program to secure landing fields and co-operation between same; and if so to organize some such association.

In the initial organization we will recognize one delegate for each 1,000 population from any town or city in the United States (no town to have more than 15 delegates), appointed by the mayor, Chamber of Commerce or similar civic organization.

After the convention is organized along these lines we will turn it over to those present for whatever action they deem wise.

It has been suggested that the base-ball park which has been leased by a party of local men for amusement purposes for next year, would make a splendid landing field for airplanes and this field may be offered to the highway association by the men controlling it for the purpose of a local landing field. A representative of the association may come here in the near future to survey the field and lay it out for use. This may mean that Maysville will have many airships coming this way with Maysville as a stopping place.

PRESIDENT WILL NOT STOP IN SMALL KENTUCKY TOWNS

Many of the small Kentucky towns through which President Wilson will pass next week on his trip through this state, have endeavored to have the special train stop just for a few minutes so that the president could say a few words to the people from the rear platform but all of these requests have been refused. The president will however, make a short talk from his train in Lexington.

ADVERTISING MINSTRELS

A big advertising campaign for Coburn's Minstrels which will be the big attraction at the Washington Theater on October 3, has been started and as these minstrels are always a great favorite here, it is expected that the theater will be filled with people. Many people come here from the country to see these minstrels each year.

HIGH DANCE TONIGHT

The first ball dance of the fall season will be given this evening at the Neptune hall and that old dance hall was never prettier than it is at present. Members of the club giving the dance have transformed the big hall into a wood of beautiful autumnal colors. Many out-of-town people are here for the big ball.

MUST BE SOME LOVER

An aged man on the street this morning complained to a local policeman of his daughter's actions. He told the officer that she had married four times, that all of her husbands were living and that she had no divorce from either of the four. This was out his complaint, however. He said that the girl was now going with a married man.

LIVE WIRE KILLS LINEMAN AT PARIS

2,300 Volts Sent Through Body of John Webb Arms Touch Electric Line.

Paris, Ky., September 26.—John Webb, aged 26, son of James Webb, formerly of Clark county, was killed by a live wire here Thursday morning.

Webb, who was in the employ of the Cumberland Telephone & Telegraph Company, was working on a pole at the corner of Second and Main streets. An electric wire was also attached to the pole, to which Webb had strapped himself. Both arms struck the live wire and held him prisoner.

About 2:25 o'clock this morning Dr. Chollar, local veterinarian, called the police station by telephone and informed Sergeant Mackey that there was a robber in his home. Officer Fred Wells was located in only a few minutes and was sent to the home.

In a half hour the officer reported

that he had searched the house and was unable to find the would-be robber or any trace of him. There was nothing missing and it is supposed the doctor frightened him away.

Noah Johnson, colored, who lives recently reported that on the previous night a robber had visited the cellar of his home and that several cans and jars of fruit had been taken but that the visitor had not been heard.

The police are of the opinion that there is a sneak thief working in that section of the city and every effort will be made to locate him and place him under arrest.

LOOK THIS OVER

Clerk Court of Appeals—ROY B. SPECK.
Superintendent of Instruction—GEO. COLVIN, Springfield.
Commissioner of Agriculture—WM. C. HANNA, Shelbyville.
Railroad Commissioner—E. C. KASH, Jackson.
Representative—DR. W. S. YAZELL.

PAY ROLLS

Thirteen hundred officers have resigned from the regular army since the armistice was signed, or one in every eight. The general staff is exercised about it and recently ordered an investigation. The report shown that high cost of living is the chief cause, and remarks that the war department is now paying a headcarier substantially as much as a second lieutenant, and a plasterer more than a first lieutenant—who may have had seven years of university and hospital training. Both pay and allowances of the army officer are included, and he gives all his time against the wage earner's eight hours.

Perhaps in an ideal adjustment of human values a plasterer is worth more than a first lieutenant or than a brigadier general; but the plasterer's seven and a quarter dollars a day, he says, barely covers his cost of living, and a first lieutenant has been brought up and educated to a more expensive plane of living.

The chief victims of this high cost of living are the salary earners, the savers, and unorganized inarticulate wage laborers. And they get the least consideration, because they are usually not in a position to raise a row. The government is no better employer, from the point of view of the people on its pay roll or from the point of view of the people on its pay roll or from the point of view of society as a whole, than any private concern is. It pays its lieutenants now just what it paid them in 1918, and it can hardly pay them more, precisely because it has to pay its plasterers seven and a quarter dollars a day—or more if the plasterers energetically demand it. Its pay roll exhibits the same inequality as any other; in fact, a greater inequality than most pay rolls. Extending the field of government employment of labor promises nothing.—Saturday Evening Post.

SUICIDE AS A PROTEST

Several Chinese patriots undertook, the other day, to commit suicide in the presence of Hsu Shih Chang, president of China. They did it as a protest against the disposition of the Shantung province by the Paris peace conference. Three of them succeeded in wounding themselves seriously before the guards could interfere. They were not brainless fanatics, either. They were merchants, teachers and students of good standing.

It was a characteristically Chinese thing to do. The people of that benighted country, when they have a grievance against anybody, are not inclined to kill the offender. They prefer to annoy him by killing themselves in his presence. The men in this case, not being able to die in the Hall of Mirrors at Paris, did what seemed the next best thing, and tried it in the presence of their governmental representatives at home.

East is East, and West is West. Possibly Americans will never rise to the oriental level in their manner of registering a solemn kick against public affairs being conducted as they are. And it is well. It might be exquisite revenge for recalcitrant Senators to swallow Paris green on the White House steps, to show the President what they thought of his peace treaty. But it might not do any good.—Lexington Leader.

AFTER SUFFERING A WHOLE YEAR

Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pain in back and stomach, in fact all over me, and was all down. After I took Lydia E. Pinkham's Vegetable Compound, I took it and it gave me health and strength and made a new woman of me. I cannot praise your Vegetable Compound too highly, and you may publish my testimonial as it may be the means of helping some other suffering woman."—Mrs. INENE KING, 105 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co., (confidential), Lynn, Mass., for special advice. It is true, ready to bring you health and may be your "cure."

BREST LITOVSK IS NOW A TOWN OF MANY RUINS

Great Suffering Is Reported In City Where Germans and Russians Reached Peace Terms.

New York, N. Y., September 26.—The town where the Germans formerly made terms with the Russians—Brest Litovsk, in Poland, is today a place of ruins, disease and terrible suffering, according to a report just received by the American Jewish Relief Committee from Dr. Boris Bogren, a relief worker sent abroad by the Joint Distribution Committee of American Funds for Jewish War Sufferers.

Practically the entire population of 25,000 persons, of whom 18,000 are Jews, are living in holes in the ground, writes Dr. Bogren. The hospital, which cannot begin to accommodate all those suffering from various diseases induced by starvation, is still without windows, or doors, or any means of heating. There is no work of any kind to be gotten, and the returning refugees are in desperate need.

"It is difficult to believe that humanity can endure suffering to such an extent," Dr. Bogren writes. "Here the situation is so depressing and the need so great that I think it miraculous that the people still continue to live. The number of homeless children on the streets of Brest-Litovsk is large, and there is a great necessity for some kind of an asylum for them. There are in addition to these 1,100 children in school here, in spite of suffering and starvation.

"The most important question is some provision for housing all the people who are now living under the open sky in miserable holes. I have discussed this need with the Burgo-master and authorities of the city, and they have told me that they will be willing to turn over a large building, formerly a soldiers' barracks, as a shelter for the homeless. It will require considerable money to get this building into shape, and especially to provide some means of heating it. The hospital will not be able to keep its patients through the winter unless some provision is made or heating it, and doors and windows put in.

"The people are in a terrible condition, and in dire want of necessities. A large number of houses are entirely destroyed, and the few that are left are in a horrible shape. It is only recently that the refugees, who were evacuated from the city, have returned. There is practically no work for them, and they are in the direst need.

Buy in Maysville. It pays.

Fall and Winter Brings on Aches and Pains

Many people suffer unnecessary pain by waiting for lumbago, backache or rheumatic pains to pass off naturally. Why not take prompt action and make a recovery like that described by J. R. Wilkinson, of Selma, O. "Lumbago struck me just as I got out of bed, so bad I couldn't stay on my feet. My wife bathed my back with Houstonia Liniment and covered it with a hot flannel cloth. And I began to get better at once, and in two hours time I got up and went to work."

In a few hours Houstonia will relieve practically every ache or pain. Its remarkably antiseptic qualities make it especially good for burns, cuts and bruises. It soothes while it heals. Be prepared in advance by securing a bottle of Houstonia—*The Original Jones' Liniment*, with Dr. Jones' picture on the yellow label \$1.00. Half size 50c, trial size 25c. Sold by all druggists. Dr. J. C. Jones Co., So. Charleston, O.—Adv'd for Sale by J. Jas. Wood & Son, Druggists, Maysville.

KENTUCKY MAN ASKS HELP FOR SERBIANS

After a month's investigation of conditions in Serbia and a survey of Serbia's man-power, Lieutenant Colonel Edgar E. Hume, Frankfort, Ky., an army officer, heading the American commission for relief service in the Balkans, has recommended that the American Red Cross continue its work there for at least another year.

"The hospitals need help most desperately," he reports. "If assistance is to come it must come promptly; and if it is to come promptly it must proceed from American sources. The need for rubber is very great and surgeons are forced to operate with out the protection of rubber gloves even in the most infectious cases. Soap is another essential that has disappeared. The lack of laundry soap makes clean linen almost impossible. By continued washing with caustics, the hospital linens have worn out and cannot be replaced. The most necessary medicines are no longer in the hospital stores."

To assist in relieving the distressing situation, in Budapest, the American Red Cross recently ordered the shipment of a trainload of medical and surgical supplies from its warehouse in Belgrade.

The train will carry American hospital equipment at all times—soaps, hospital garments and dietary foods—and will be in charge of an American Red Cross staff. As in many parts of Eastern Europe, the Red Cross work of relief will be done in co-operation with the feeding program undertaken by the American Relief Adminstration.

Colonel Hume also appeals to the American people for the relief of the orphans of Serbia, numbering half a million. He recommends an extension of this particular Red Cross activity which, due to the limited number of foreign workers, includes only a small proportion of the fatherless and motherless children of this country.

WAR RISK BUREAU MAKES RED CROSS CLEARING HOUSE FOR COMMUNITY PROBLEMS

The American Red Cross was officially designated as the clearing medium for all community problems of service men at a recent conference at Washington, of the fourteen national welfare agencies with Director Chalmey-Jones, of the War Risk Insurance Bureau. The future policy will be one of closer co-operation between these agencies and the Red Cross for the government bureau, with a view to avoiding congestion and duplication of effort.

Experience having demonstrated that the Red Cross Home Service sections are widespread and thoroughly trained in the regulations and methods of the Bureau, Director Chalmey-Jones thought it best that the Red Cross should become the clearing agency through which all complaints and inquiries regarding the difficulties of service men should pass.

Most of the representatives agreed heartily with this plan, and in the future all community problems of service men will be cleared through local Home Service sections. The Red Cross will make available to the various agencies blanks and forms which have been prepared in co-operation with the War Risk Bureau. Replies in all cases will be returned by the Red Cross to the original inquirer, through the organization which handled it primarily.

Represented at the conference were: The Young Men's Christian Association, Veterans of the World War, American Library Association, American Red Cross, Boy Scouts of America, Jewish Welfare Board, Salvation Army, Knights of Columbus, National Catholic War Council, National Tuberculosis Society, American Legion, American Legion, American Jewish Relief, and the War Camp Community Service.

This increased responsibility places upon the Red Cross a new challenge and calls for an unlimited amount of team play.

SUMMING UP THE EVIDENCE Many Maysville People Have Been Called As Witnesses.

Week after week has been published the testimony of Maysville people—kidney sufferers—hackache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Dean's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 50,000 American men and women are publicly recommending Dean's—always in the same papers. Isn't it a wonderful convincing mass of proof? If you are a sufficient witness, your verdict must be "Try Dean's first."

Here's one more Maysville case.

A Sorries, lock and gun-smith, W. Second and Wall Sts., gave the following statement in January, 1912: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backaches when I stooped over, I had trouble in straightening up. Cold settled in my back and kidneys, too. Dean's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

A LASTING EFFECT

On November 14, 1915, Mr. Sorries said: "I am the same strong fellow in Dean's Kidney Pills as when I gave my former endorsement. I haven't had any trouble with my kidneys in a long time and I believe the cure they gave me will be permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. Sorries had. Foster-Milburn Co., Mgrs., Buffalo, N. Y.

SUNDAY SCHOOL LESSON

SEPTEMBER 28, 1919.

Topic: Christ's Program for the World.
Mills, 21, 1-9, 15; 16.

REV. J. J. DICKEY.

There is nothing lawless in the universe. There is as much law in the spiritual as in the natural world. Men have been slow in discovering natural law, they have been slower in discovering spiritual law. A program is only another name for law. That God has a program for the church goes without saying. He does nothing without a program. That there was a program for the life of Christ is clearly brought out by himself. Also that program was forecast in the old Testament. Every prophecy concerning Christ was a part of that program. Let us see. He was to be born of a virgin, to be born in a manger to be called from Egypt; was to be a man of sorrows, was to be led as a lamb to the slaughter, as a sheep before her shearer; he is dumb so be opened not his mouth, was to be crucified, buried, arise the third day, ascend to his Father.

Divers events in his life are spoken of as fulfilling the scriptures. God had a program for the church from the beginning. Its object was stated that "the seed of the woman should bruise the serpents head."

There was a program of four thousand years for accomplishing this purpose. A nation must be built up through which Christ should come in the flesh. The world must be prepared for the coming of the Son of God. Every historical movement was directed to this event. Running through all history is the divine plan for the redemption of man through the person of Jesus Christ the central figure of all history. Through the evolution of nations the Greek had become a universal language and the Roman a world power. Then the devil came.

His program was made for the evangelization of the world. Slowly it has been worked out. Nearly two thousand years have elapsed since this program was announced and the work is just now assuming proportions that promises a speedy consummation of the great undertaking.

God has a program for each life. He means for every life to be a success, and if his programs were followed it would be so. By a complete surrender of the life to God's will that program may be secured. God reveals His will to those who seek to know it. Providence and the Holy Spirit guide those who are willing to be led. A surrendered will brings a spirit-filled heart and this produces a fruitful life.

Law is everywhere. Light is given to those who desire and seek it. God is on the throne. Loyalty to God's government brings happiness to his subjects, resistance brings failure and eternal death.

HOY IS FOUND GUILTY

Winchester, Ky.—The Clark Circuit Court adjourned for the September term. Allen Bean, 14 years old, was found guilty of theft and sentenced to six years in the reform school.

GROOM AGED 76

Georgetown, Ky.—F. M. Bates, a Confederate veteran, 76 years old, and Miss Emma Romans, 49, were married at the court house by the county judge. The bridegroom is a farmer of Porter, Robert C. Lee, Latonia, and Miss Helen Seelye were married by J. Hobert Lancaster, county judge.

We Share the Profit With You

In our store it is not a question of how much profit we can make, but of how reasonable we can sell goods to our customers. That is the basis on which our large and long established business is built. Once a patron always a patron here.

THE HOUSE OF BARGAINS—LOOK AT THESE PRICES AND ITEMS OF INTEREST

ED. MORROW CALLS BLACK'S CHALLENGE IN HARLAN SPEECH

League Not State Issue, Says Morrow;
Partisan Board of Control
Must Go.

Harlan, Ky., September 25.—Edwin P. Morrow in his speech here last night gave a detailed outline of legislation looking to the complete removal from politics of the State penal and charitable institutions which he will ask the next General Assembly to enact if he is elected governor.

Mr. Morrow will demand that the present partisan board of control be abolished immediately, irrespective of the time at which the terms of the various members are to expire, and that all parts of existing laws which may be conflict with his policy, as hitherto announced, be repealed.

He will ask for the enactment of a law creating an unalarmed, bipartisan board of seven members, and clothing them with all necessary power. This law will provide safeguards which will enable the boards to carry on its work unhampered by interference on the part of the governor, any member of his official family, or any political influence. "It is my very earnest opinion," said Mr. Morrow, "that no General Assembly will refuse to divorce the charitable and penal institutions of Kentucky from the destructive policy or political control."

Mr. Morrow also answered the challenge by Governor Black in his speech at Hopkinsville, Saturday, that he state his opinion on the League of Nations. "If Mr. Black," said Mr. Morrow, "will show me that his election, or my election, or the election of any member of either State ticket will in any way secure either the ratification or rejection of the peace treaty, I will be delighted to answer his question. Until he does this, I intend to confine my remarks to the issues at home."

Mr. Morrow spoke in Harlan county courthouse to an audience which filled all available standing room. The courtroom is one of the largest in the State. He was given a warm reception, and his speech was received with cheers. Upon his arrival Mr. Morrow was met by a big reception committee, led by "Uncle" Frank Hall, 84, a nephew of John Shell, of Leslie county. Carrying two flags, Uncle Frank greeted Mr. Morrow with an embrace. The old man, who declared that he would rather cut his throat than vote the Democratic ticket, and expresses doubt whether Democrats go to heaven, added much to the occasion by shouting this war cry, "Right or wrong, sink or swim, live or die, I am for Ed Morrow and the old log cabin."

Mr. Morrow was introduced by County School Superintendent A. C. Jones, who spoke of him as the champion of the school children of Kentucky. Mr. Jones declared that the recent textbook adoption made the school children victims of a diabolical political machine. Stanley, he declared, did more harm to the school children this year than the influenza did last year.

DAUGHTER KILLS HER FATHER

Munsfordsville, Ky., September 24.—Pleas Logsdon, of Broad Ford, on Nolin river, was shot and killed by his widowed daughter, aged 28, who made her home with her father. It is said that Logsdon, holding the revolver in his hand, threatened to assault his daughter, but that she was too quick for him and, grasping the pistol, turned it on her father, killing him instantly. The young woman was not arrested.

MAYSVILLE'S CHURCHES

Where the Religious Exercises Will Be Held on the Sabbath.

Christian Science services Sunday morning at 11 o'clock in G. A. R. Hall, Cox Building.

First M. E. Church, South.

The pastor, Rev. W. D. Welburn will preach at 10:45 a. m. and 7:30 p. m.

Miss Caroline Hall of Covington will sing.

Sunday School at 9:30.

W. D. WELBURN, Pastor.

First Presbyterian Church.

Sunday School 9:30 a. m., Jas. B. Wood, Superintendent.

Preaching by pastor 10:45 a. m. and 7:30 p. m.

Endeavor meeting 6:45 p. m.

All cordially invited to all services.

JOHN BARBOUR, Pastor.

Little Brick Church.

During the past year the pastor has preached at Dover four Sundays, but his engagement with that church has ceased and he will preach in Maysville every Sunday, the present year, therefore he will be in his pulpit here Sunday in the morning at 10:30 and in the evening at 7:30.

The Sunday School service will be held at the usual hour 9:30 a. m.

J. J. DICKEY, Pastor.

First Baptist Church.

There will be no preaching at this church Sunday.

Sunday School at the usual hour Sunday morning, Prof. W. J. Caplinger, Superintendent.

Baraca Class at 9:45, Prof. R. Y. Maxey, Assistant Teacher, will be in charge.

Prayer Meeting on Thursday evening at 7:30 o'clock. Rev. J. A. Davis, the new pastor, will attend the prayer service.

Christian Church.

This is the last Sunday of the quarter. The time has come to reorganize part of the Bible School. Some new teachers have been selected. In order that the new quarter may begin properly every scholar should be present on time. Though the places of classes have been changed while repairing work on building is being done, every class will have a place. Parents see that the children and yourselves are present next Sunday.

Preaching both morning and evening in the Chapel of the church building. This room is comfortable and should be well filled with worshippers at both morning and evening service. Strangers are truly welcome.

A. F. STAHL, Minister.

Third Street M. E. Church.

With Sunday's services the present Conference year closes. The pastor would be greatly pleased to see a full attendance of the membership. Services at 10:45 a. m. and 7:30 p. m. The newly-organized chorus is developing some fine selections two of which will be used in Sunday's services. Miss Frances Huff will sing a solo at the morning service and Mrs. W. E. Rossiter at the evening.

Sunday School at 9:30 a. m. A cornet, clarinet and saxophone will be added to the orchestra. All literature for the new quarter will be ready for distribution. Let every Sunday School member be present.

The Epworth League service will be led by Miss Phoebe Huron.

A cordial invitation is given all to attend these services.

WORTH S. PETERS, Pastor.

ASSASSINATED IN GARAGE

Hickman, Ky.—Nathan Morris, living near Fulton, member of one of the wealthiest families in this part of the State, was shot to death from ambush in the garage in the rear of his home. Morris' body was found lying on the floor of the garage, face downward, with a bullet wound in his neck. He made an unsuccessful effort to speak, but died two hours later.

TOOK COHEN'S CLOTHES

Frankfort, Ky.—Joe Martin, Lexington, negro, was convicted by the Franklin Circuit Court for petit larceny and sentenced to one year in jail. He is alleged to have stolen clothing from Mt. Cohen, Commissioner of Agriculture. David Sales, negro hack driver of Lexington, was indicted by the Federal grand jury for selling intoxicating liquors to soldiers.

GREAT INCREASE IN
PENSIONS TO VETERANS

Minimum of \$50 Per Month to Be Paid
Boys of '68 Bill Provides.

Washington, September 25.—House Pension committee reported favorably Wednesday a bill, granting a minimum monthly pension of \$50 to the veterans of the war between the states. Their widows would receive \$30 a month, and their children under 16 years \$6 a month while nurses would receive \$30 a month. The measure would add \$65,000,000 to the pension roll in its first year.

The bill would grant \$72 monthly to all totally disabled veterans, and \$90 a month to those who suffer such disability in service.

MOONSHINE STILL
AGAIN IN ERUPTION

The Vanceburg Sun says: It is current report that moonshine still

back in the county is again in eruption. One man is reported as informing another that it had to be taken off all land. This chap denied all knowledge of it but reported that it belonged to another. Well, that night the outfit was moved. We will bet dollars to doughnuts that that outfit comes to grief and the sooner the better for all concerned.

The first peace-time Red Cross enrollment of members announced for November 3 to 11 makes clear the fact that the Red Cross plans to go for an indefinite period. There will be annually one appeal for support of memberships to carry out the Red Cross program for American people.

Men enlisting now in the army, navy or marine or marine corps will have the same benefits of Red Cross Home Service extended to them and to their families, as was rendered during the war to men in military and naval service.

Those for whom we work are the employers, do the hiring and the paying. We assert these same rights when we have others working for us.

Sometimes those we are working for show a spirit of being crossed, vexed or angered. We should not become offended and quit our job on such occasions. If those for whom we are working have as a rule been kind and considerate in the past. As a rule it is business or family cares, ill health or some misunderstanding or perhaps some act of our own that have caused such. Do we ever become cross toward those for whom we are working? Why? Tow do they usually take such? We should never fall out with a good employer nor quite a good job because our employer shows an occasional feeling of not being in his or her best and usual good spirits.

It is the one and the only ambition of a good cook to give perfect satisfaction to those for whom she is working—in point of good cooking, economy, workable disposition, personal interest and general service.

FRIDGE WAIVES
O EXAMINATION

The Augusta Chronicle says: Dewey Frogge, arrested last week upon a charge preferred by the parents of a young girl living in this county, waived examination before Judge Gibson at Brooksville, and was held to the November grand jury in the sum of \$500, an uncle of the young man furnishing the bond. All of the parties connected with the case live near Minerva.

FIRE PREVENTION TO
BE SUBJECT OF SERMONS
Frankfort, Ky.—Designating Friday, October 9, as Fire and Accident Prevention Day, Governor James D. Black issued a proclamation requesting that on the Sunday preceding that date, short talks from various pulpits throughout the state be made on fire prevention.

TRAXEL'S
THE HOUSE OF SWEETS

FOR SALE
We have for sale the farm of Mr. Charles Eitel just a mile from Maysville on the Germantown and Maysville turnpike. The farm contains 33 acres, and has on it a five-room house, tobacco barn, stable and usual outbuildings.

The first peace-time Red Cross enrollment of members announced for November 3 to 11 makes clear the fact that the Red Cross plans to go for an indefinite period. There will be annually one appeal for support of memberships to carry out the Red Cross program for American people.

The larger portion of the farm is ridge land; nothing like it in this locality for the money and the first man that really wants a nice little farm near Maysville will buy this one.

Men enlisting now in the army, navy or marine or marine corps will have the same benefits of Red Cross Home Service extended to them and to their families, as was rendered during the war to men in military and naval service.

Those for whom we work are the employers, do the hiring and the paying. We assert these same rights when we have others working for us.

Elite Confectionery

Maysville Telephone Co.

Switchboard Operator

The duty of the switchboard operator is to answer your number calls and get connections for you.

If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator", she is obeying her instruction.

If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.

When you call, say "Please connect me to the Chief Operator".

Maysville's Foremost Clothiers.

POLICE AND STRIKERS IN A GUN BATTLE

Duels Occur Near Clifton Steel Plants This Morning—Men Continue to Resign Jobs.

Pittsburgh, Pa., September 26.—Strikers and state and local police engaged in a long-range gun battle at Clifton early today.

The shooting began when strikers opened fire on men who were on their way to the steel plants for work. It was before daylight, and only the flash from the guns of the strikers revealed their whereabouts.

Expecting possible trouble, state and local police were lying in wait and immediately returned the fire. Giving chase, they captured three men, whose guns, they said, had been emptied and then reloaded. It is not known whether any of the strikers was hit. Several yell were heard but no wounded were found.

With plants in the Pittsburgh district slowly but steadily gaining ground from the partial effects of the strike, the next step of union leaders probably will be an attempt to tie up the big Bethlehem Steel Co. plant.

INTERESTING MEETING OF UNION MEN HELD

A very interesting meeting of the union men of Maysville was held at the Masonic Temple on Thursday evening and there were many present. A representative of the International Clerks' Union was present and addressed the men and women of the and other local unions.

There will be a meeting held at the Murphyville school on Sunday evening in the interest of the Moonlight schools. Mrs. James Ross, the County Illiteracy Agent, will be on the program and a full attendance of those interested in that section of the country is requested.

There were many people on Second street this afternoon watching workmen hoist into place the large iron girders for the new Bank of Maysville building.

OUR COLORED CITIZENS
Mrs. Julia Thomas died Wednesday morning of acute indigestion in Dayton, Ohio, where she had gone to visit her daughter. The remains will be brought on C. & O. train No. 2 today and will be taken directly to Washington. Funeral Saturday afternoon at 2 o'clock in Washington.

HARLAN WILL DOUBLE VOTE IN THIS CAMPAIGN

Morrow Is Given Enthusiastic Welcome at Three Towns—Makes Good Roads Promise.

Lynch, Ky., September 26.—Speaker of the House will not be rushed its work or lower its standard of quality.

Mr. Morrow was enthusiastically received on his appearance at Benham at 6:30 in the evening, later at Poor Fork and at 8:30 at Lynch.

He pledged his best efforts, if elected governor, to Kentucky, to obtain better roads for the Eastern part of the State, and promised to see to it that not a dollar of the State road money was wasted.

Republican votes are considered unusually strong in the section around Lynch, which although a town only two years old has a population of 3,000 people.

Republican politicians of Harlan attribute the extensive increase of voting power to the great influx of people during the last several months to the coal fields.

BILL INTRODUCED TO MAKE AUTO THEFT FEDERAL OFFENSE

Representative Dyer, of Missouri, has introduced in the House a bill making the stealing of automobiles a Federal offense punishable by a minimum fine of \$5,000 and a maximum sentence of 10 years. All of the automobile organizations and the police and detective departments of the country are supporting the new bill.

Market street which has been blocked to street car traffic for the past week because of concreting between the ear rails, will be opened to the cars Saturday morning but other traffic will not be permitted on the concrete for several days.

Buy in Maysville. It pays.

Wholesale Tobacco Men Hold Meeting In Big Cincinnati Warehouses.

Cincinnati, Sept. 26.—At a meeting of wholesale tobacco men of all classes held at the Globe Tobacco Warehouse Wednesday plans were launched for a nation-wide fight against the persistent activity of workers who are seeking to enforce the prohibition of tobacco in any form, and efforts will be made to have growers, tobacco workers, wholesalers and retailers lined up in a solid front to preserve the tobacco industry.

The meeting of tobacco men was largely attended, many out-of-town men being present to tell of situations arising in various parts of the country.

A special effort is being made by the officers of the Mason County Farm Bureau to increase the membership of that organization to at least 300 during the next week. Letters are being sent out today to progressive farmers throughout the county to explain to them the workings of the bureau and next week committees will call on every farmer in the county to give him an opportunity to join the bureau.

The letters mailed out today are as follows:

Maysville, Ky., Sept. 26, 1919.
To The Farmers of Mason County:

With a membership of already more than 100, the Mason County Farm Bureau will during the week of September 29th make a canvass of the county to give you the opportunity to join.

This is a Farmers' organization, by and for the farmer, and since the men who will make the canvass are busy farmers, just like you are, we are sending you this letter in order that you may know what the Farm Bureau is, and be able to save them time when they come to see you.

The officers of the Mason County Farm Bureau will be elected by you and your neighbor, at the Court House October 4, at 2 p.m.

The Mason County Farm Bureau 1. Organized to promote better farming, better business, better living conditions, "with malle to toward none—good will to all."

2. All meetings are open—no secret sessions.

3. Cincinnati markets by wire at 7:30, 8, 9 and 11 a.m.

4. The Farm Bureau news keeps you posted.

5. The Farm Bureau gets your fertilizer cheaper.

6. The Farm Bureau gets more money for you for your wool.

7. The Farm Bureau helps you buy feed cheaper.

8. No attempt will be made to force any dealer out of business.

9. The Farm Bureau is your private office—use it.

10. The stenographer will write your business letters free.

11. The Farm Bureau helps you sell your live stock.

12. The Farm Bureau helps you buy live stock.

13. The Farm Bureau registers your pure-bred stock.

14. The Farm Bureau advertises Mason county's products.

15. The rest room has easy chairs, magazines, toilet and matron to care for the children while your wife is shopping.

16. The Farm Bureau is your organization. You cut all the melons.

17. If you believe in such an organization we want you. If you will work with us we want you. If you don't and won't—we don't.

18. The only persons receiving salaries will be the stenographer and matron. No money goes to the County Agent.

19. The dues are \$10.00 to January 1st, 1921. After that \$10.00 per year.

Money will go for rent, office fixtures and expense, and salaries of stenographer and matron.

20. You are not bound in any way when you join. Run your own business as you like. There are no strings tied to members.

JOHN R. DOWNING,
Temporary Chairman
FRANK CARPENTER,
Temporary Secretary.

LICENSE COMMITTEE HOLDS ANOTHER MEETING

The license committee of City Council held another meeting at the Council Chamber last night to go into the matter of raising the city's revenue for next year and after discussing various licenses a tentative license tax was agreed to on various occupations but the ordinance was left open until the regular meeting of council when it may be altered as council as a whole thinks best.

CHILD STRUCK BY AN AUTOMOBILE

Henry Wyatt, son of Mrs. J. D. Wyatt, of Front street, was struck and run over by an automobile driven by Mr. Morgan, of the Kentucky Hotel Thursday evening. The boy received a bad cut on his head and was badly bruised about the body. The lad in front of the automobile as it was passing through an alley in the rear of the Kentucky Hotel.
